Getting to the office.

1) From Saladeang Skytrain station (BTS)

From the platform come down to the road level via exit number 2. The stairs and escalator have a one way system, thus when you go down the stairs you are facing the wrong way so will need to turn and walk the other way down Silom road. After about 4-5 minutes you will get to a junction with Convent Road, cross over Convent road and keep walking past McDonald's, and you will see a sign for 'Wall Street Institute' – that is **Kamolsukosol building** and we are on the 11th floor. This is about a 10 minute walk.

2) From Silom MRT station (underground / Subway)

Go up to road level using exit number 2 and this will take you out onto Silom road by the gate for the Dusit Thani hotel. Walk down Silom road past Saladeang sky train station, over the junction with Convent Road, past the McDonald's and shortly afterwards (the next but one building) you will see a sign for 'Wall Street Institute' – that is **Kamolsukosol building** and we are on the 11th floor. This is about a 15 minute walk.

3) By Taxi

Take a taxi to Silom road – although we are in Kamolsukosol building this isn't as well known by all the taxi drivers as CP Tower, a bigger building almost next door. If the driver does not recognise Kamolsukosol ask for CP Tower on Silom road. This is the building with the McDonald's. If you stand facing McDonald's look to your right and you will see the sign for Wall Street Institute on the next but one building - that is Kamolsukosol building and we are on the 11th floor. This is about a 2 minute walk. Alternatively show the address below to the driver.
